The Honorable Mayor and Members of Council Town of Windsor, Virginia

Dear Sirs,

This is the fiscal year 2025 draft budget proposal. This document includes the proposal for the operating budgets for the General Fund, the Water Fund, the Space Needs Fund, Windsor Town Center Fund, and the Event Fund; as well as the proposal for the five-year Capital Improvements Plan (CIP) for the period FY25 through FY29. This document, being created with reference to current and projected economic conditions, town service provision capabilities, and input from the Town Council, is provided here for your review.

Each section of this budget is preceded by a narrative statement that further explains the goals, objectives, personnel, and details of each section. As such, each of these narratives is an integral part of this budget message.

This budget proposal comes with some uncertainty due to the current inflationary environment and potential future economic downturns in the wake of the inflationary period. Some disruption in our normal revenue streams during these uncertain times may continue. We should all continue to watch this situation closely. The budget includes a \pm \$75,000 contingency due to these and other uncertainties in FY25.

This budget includes some revenues from the American Rescue Plan Act (ARPA) granted to the Town of Windsor, that were rolled forward from FY24; these funds are allocated to capital projects in the Water Fund. This budget includes no ARPA funds allocated for operations.

While this budget is balanced and largely complete, new revenue information, and expense information from a few vendors, may result in minor revisions as we move through May.

Discussion of General Fund Revenues

Real Estate and Personal Property Tax Revenues

As you know, the Isle of Wight County Commissioner of Revenue is responsible for conducting the assessment of real property values within the Town of Windsor. The County

conducts these assessments approximately every four years; a new assessment took place in FY23. This draft includes a \$0.02 increase in the real estate tax rate, from \$0.13 in FY24 to \$0.15 in FY25. This will constitute an increase in taxes levied of approximately \$57,000 over the previous FY24 draft. \$0.02 on a \$250,000 home equals \$50.

The Isle of Wight County Commissioner of Revenue also determines the value of personal property and machinery and tools in the Town of Windsor. The Commissioner has estimated a countywide increase of 5.1% in personal property (vehicle) values, increases at that level are not envisioned for the Town of Windsor; and a 7.4% increase in machinery and tools values. This budget maintains the current rates of \$0.50 and \$0.25 per \$100 of value respectively.

Other Local Taxes

The largest source of revenue in this category is the meals tax, no rate increase is planned here, although its revenue is estimated to increase $\pm 9\%$ for FY25.

This budget maintains the cigarette tax of \$0.40 per pack.

Payments (Reimbursements) from Other Funds

Included in the FY24 General Fund revenue is a payment from the Water Fund for indirect services that the General Fund provides this fund. This payment reimburses the General Fund for services that it provides to the Water Fund. The Water Fund also pays the General Fund to cover a portion of the salaries and benefits of the employees that spend time working for both Funds.

The Water Fund's indirect payments to the General Fund are adequate, and the General Fund does not subsidize Water Fund operations. However, ARPA funds will be used for the funding of some capital projects in the Water Fund.

The payments from the Water Fund for indirect costs and salaries total \$398,620.33 for FY25.

Discussion of General Fund Expenditures

Operations

This document reflects reasonable expectations regarding the increasing costs of operations, although the potential for future inflation is hard to predict. What is known is that the town is not immune from the effects of the inflationary environment, a one example is a health care premium increase of 10%.

Salaries

Town staff have performed admirably throughout the 2024 fiscal year.

The salaries for employees that provide services to both funds are split-funded between the two Funds. The total salary cost appears in the General Fund with the Water Fund making a payment to the General Fund to cover its portion of the salary cost for those employees that spend time working for both Funds. This budget includes a 3.5% cost of living adjustment for town staff, with the exception of field positions in the Police Department, who instead receive a 5.4% adjustment due to a holiday pay policy amendment. The FY25 total salary cost for the Town is \$1,027,042.79. The General Fund portion of the salaries is \$717,752.46, and the remaining \$309,290.33 appears in the Water Fund.

Capital Projects

Included in this document is the Capital Improvement Plan for FY25-29. Most capital items therein are designated for funding from fund balance; primarily from the conversion of ARPA funds in FY24. This budget also includes \$100,000 of funding for the Future Space Needs Fund.

Discussion of the Water Fund Budget

We operate our Water Fund as an "enterprise fund" in which revenues from the operation of the Town's water system should be sufficient to cover system operations without funding assistance from the General Fund. This Water Fund budget proposal does not contain any financial assistance from the General Fund for operations.

Water Fund Revenues and Expenditures

The sale of water to our customers is the fund's only consistent source of revenue, although connection/tap fees for new services contribute varying amounts of miscellaneous revenue.

The water rate is routinely evaluated, and revisions must be made as necessary. Following Town Council's recommended \$0.25 increase in odd fiscal years until the revenue/expense balance is sustainable, this budget increases the current water rate by \$0.25, resulting in a rate of \$8.50 per 1,000 gallons; with a minimum bill of \$29.75, based upon 3,500 gallons.

Depreciation

Accounting principles require governmental enterprise operations, such as our Water Fund operation, to not only show depreciation as an expense, but also to fund the same. This process provides the owner of the enterprise operation with a method to fund the replacement of the physical assets of the system as these assets wear out or become obsolete. Even if the owner of the enterprise system does not fully fund depreciation, the owner (or the owner's auditor) must show the full amount of the annual depreciation as an expense in the comprehensive annual financial report for the operation. In a case in which the owner does not fully fund depreciation in a given budget year, even though operating revenues may equal operating expenses, the owner must show that the operation operated at a deficit because the owner did not fully fund depreciation. We have made great strides in recent years to fund an appreciable portion of depreciation. This year's budget funds depreciation at 85%.

Capital Projects

The major capital projects included in the Water Fund this year are the water main upgrade/replacement for Duke Street and Virginia Avenue and a potential water main upgrade/replacement for the system around the Windsor Hardware store area, in addition to routine replacement of water meters and mains. Capital projects in the Water Fund for FY25 are to be funded with a mix of ARPA funds and fund balance.

Five-Year Capital Improvements Plan (CIP)

This document includes the proposed Capital Improvements Plan for the five-year period from FY25 through FY29. The CIP should be a realistic program of projects that the Town intends to undertake within the next five years. As such, in developing the CIP, consideration should be given to the Town's ability to finance these projects. Included is a CIP that fits within the Town's financial capabilities for the next five years.

Summary

This FY25 budget proposal is balanced in all funds, without cutting services, and is approximately 18% smaller than the revised FY24 budget.

This budget is hereby offered for your review and consideration.

Respectfully submitted,

William Saunders Town Manager

The General Fund

Introduction

The major difference in local government budgeting and accounting versus private sector budgeting and accounting is that the local government budgets and accounts for its monies by utilizing a variety of "funds." The Town of Windsor has the following funds:

- The General Fund
- The Water Fund
- The Town Center/Future Development and Space Needs Fund

The Town's largest fund is the General Fund. The FY25 General Fund portion of the budget totals \$3,647,664.72 and it is balanced.

Presentation of Salary Information

Some employees of the Town do work for both the General Fund and the Water Fund. As such, the Water Fund reimburses the General Fund for the portion of time these employees spend working for the Water Fund. The General Fund also provides some non-personnel services to the Water Fund. For example, for making and mailing of water bills, the General Fund pays for both the purchase of the paper to run the bill and the mailing of the same. The General Fund reclaims this expense by charging the Water Fund an "indirect expense." This shows up as an expense in the Water Fund, and it shows up as revenue in the General Fund.

Net General Fund Revenues and Expenditures

The indirect expenses, including salaries, that the General Fund charges the Water Fund total \$398.620.33; therefore, the General Fund's net revenues and expenditures total \$3,249,044.39.

General Fund Revenues

Town Management has taken a conservative approach in forecasting revenues for FY25. There are no new revenue sources proposed as a part of the budget. However, this budget reflects an increase of \$0.02 in the Real Property tax rate, from \$0.13 in FY24 to \$0.15 in FY25. It also projects a \pm 9% increase in meals tax revenue.

The tab "GF-Revenues" provides you with a line-item presentation of the General Fund Revenues.

General Fund Expenditures

Town Management has taken a realistic approach in developing the General Fund operating expenses. The FY25 budget maintains the existing levels of service. Operations are largely covered by FY25 revenue. FY25 capital expenses are funded with fund balance, largely from ARPA funds converted in FY24.

The tab "GF-Expenditures" provides you with a line-item presentation by department of General Fund Expenditures.

Line Item Descriptions

Included in the budget is a description of the line items contained within the expenses portion of our operating budget. These descriptions are found on the pages immediately following this page. Line items that are generic throughout departments are listed together, and any line item that is specific to a given department is listed under that department. This was done in an effort to help the reader better understand the items contained within each line item.

Generic Line Items

Advertising – This line item includes any advertising such as advertising for job openings, public hearings, public notices, or any items related to the given department.

Dues and Subscriptions – This line item includes any membership dues and subscriptions related to the given department.

The Town Council appoints the Town Manager, and the Town Manager serves as the Town's chief executive officer. William Saunders is the Town Manager. He serves at the pleasure of the Town Council.

The Town Manager is responsible for implementing the policies established by Town Council and for the general administration of the Town. His duties include, but are not limited to the following:

- Preparation of the Town's annual operating and capital budgets and the capital improvements plan, and the submission of these documents to Town Council for its consideration and final approval
- Providing Town Council with recommendations on programs, policies, and services for Council's consideration
- The enforcement of the Town Code and all other ordinances enacted by the Town Council
- Providing the Planning Commission and other Town boards and commissions advice and support
- Attendance and participation in Town Council meetings
- Serves as the Town's chief financial officer

Town Clerk

 The Town Council appoints the Town Clerk. Kelly Kuhns is the Town Clerk. As the Town Clerk, she is responsible for maintaining the Town's official records and the records retention schedule for all of the Town's records. Specifically, she is responsible for maintaining the records of the Town Council. As such, she is responsible for attending the meetings of Council, preparing the minutes of all Council meetings, and maintaining the original copies of all ordinances and resolutions adopted by Town Council. She is also responsible for setting up new water accounts and the accurate billing and collection of water bills

Town Treasurer

The Town Council appoints the Town Treasurer. Cheryl McClanahan is the Town Treasurer. As the Town Treasurer, she is responsible for the collection and custody of all monies paid to the Town. She is responsible for accounting for these monies and preparing the disbursements of Town funds. She also invests idle Town funds and manages the Town's cash flow. Her duties include, but are not limited to, the following:

- The accurate billing and collection of real estate and personal property taxes
- The collection of delinquent real estate and personal property taxes
- The monthly reconciliation of the Town's ledgers
- The monthly reconciliation of the Town's bank statements
- The accounting of all of the Town's funds and expenditures
- The secure custody of the Town's monies

The office also includes an Assistant Treasurer. Jeannie Lowe is the Assistant Treasurer. She assists the Town Treasurer and other Town Staff as needed.

Planning and Community Development

Purpose

To protect the public health, safety, and well being of the citizens and increase the economy and property values of the Town of Windsor through the enforcement of the Town's zoning and subdivision ordinances and with thoughtful planning for the Town's future.

Responsibilities

- Review and Issue zoning permits and coordinate the erosion and sediment control/storm-water management process with Isle of Wight County.
- Enforce the zoning ordinance, and conduct codes compliance for inoperative motor vehicles, tall grass and other violations of the code of the Town of Windsor.
- Investigate violations and complaints.
- Review zoning text amendment, rezoning, conditional use permit, variance, and subdivision applications and inform the citizens of Windsor, Board of Zoning Appeals, Planning Commission and Town Council regarding the pertinent requests.
- Maintain the Town's GIS data and maps.
- Protect public health and safety through the application of zoning and subdivision ordinances.
- Assist the Economic Development Authority in its various activities to promote the economic interests of the Town.

Fiscal Year 2025 Objectives

- Continue to protect public health safety and well being through the appropriate planning for the Town's future.
- Increase cooperative enforcement of zoning ordinance and other Town Codes.
- Continue to review and recommend revisions to the Town's Ordinances as well as administrative procedures and forms to improve the Town's processes to make them clearer to the public and create a more efficient Department. Coordinate with various departments of Isle of Wight County and Hampton Roads Planning District Commission to improve economic development and environment policies within the Town.
- Assist the Economic Development Authority and Town Council in the orderly development of the Town.
- Initiate a review and update of the Comprehensive Plan.

Public Works

The Town's Public Works operation is responsible for maintaining all of the Town's physical and fixed assets. With a staff of two full-time employees, two part-time employees, and one seasonal, part-time employee, they divide their time between General Fund operations and Water Fund operations. This budget proposes to convert one of the part-time positions to full-time for an apprentice position for the water system.

They are responsible for the Town's public grounds and Town-owned buildings, including routine repair, maintenance, and janitorial services. Although the Virginia Department of Transportation (VDOT) maintains the streets and highways within the Town's limits, the Town's Public Works staff is responsible for the maintenance and repair of some of the Town's sidewalks.

Because the Town's Public Works employees must split their duties among the two operating funds, they carefully schedule their work so that General Fund public works activities get accomplished on time while – at the same time – ensuring the safe and efficient operation of the Town's water system – including the reading and repair of water meters.

Police Department

Purpose/Responsibilities:

The Windsor Police Department is charged with providing law enforcement /criminal investigative and public safety functions throughout the corporate limits. The Windsor Police Department is a "Values" driven organization committed to excellence and will continue to partner with other law enforcement agencies, governmental organizations, community groups and residents to reduce and prevent criminal activity thereby making the Town of Windsor the best place in which to live, learn, play, visit, and conduct business.

Activities/Services:

During calendar year 2023, the Windsor Police Department recorded and responded to approximately **1,111** dispatched and/or citizen-initiated calls for service and approximately **23,243** officer-initiated calls for service with the total calls for service reporting at approximately **24,363** calls. These numbers remained steady compared to the previous year.

During 2023 WPD made **41** arrests for Felony offenses and arrests for **144** Misdemeanor offenses. The increase in arrests can be attributed to an increase in DUI arrests, sexual offense related arrests, assaults, and many contacts with wanted persons. In the area of traffic enforcement WPD conducted **1379** traffic stops and responded to and investigated **107** traffic accidents. In 2023 there was **one** fatal traffic accidents within the Town limits.

The Windsor Police Department remains highly active in school and community programs and has continued our efforts to develop community partnerships that enhance crime prevention efforts in the Town as well as promoting a healthy and open dialogue based on trust with all of our residents. 2023 also saw yet another successful Christmas Toy Drive sponsored by WPD raising a record six thousand dollars. This success would not be possible without our community partners. A big thank you to our friends and supporters at Toys for Tots, The Commonwealth Gin, Indika Farms, Babb Farms, and our distribution partner Community Harvest Outreach Inc.

Fiscal Year 2024-25 Objectives:

- Complete VLEPSC assessment for accreditation and receiving accreditation from the Commission.
- Complete full transition to 365 LABS CAD/RMS/MCT programs by January 2025.
- Addition of a standalone NCIC/VCIN terminal at the PD office.
- Expanding partnership with WTCSB to meet continuing mental health needs and services.
- Continued review and update of the policy manual with LEXIPOL to assure it meets accreditation and best practice standards.
- Career development of officers through expanded training opportunities.

Organizational Chart and Pay and Compensation Plan

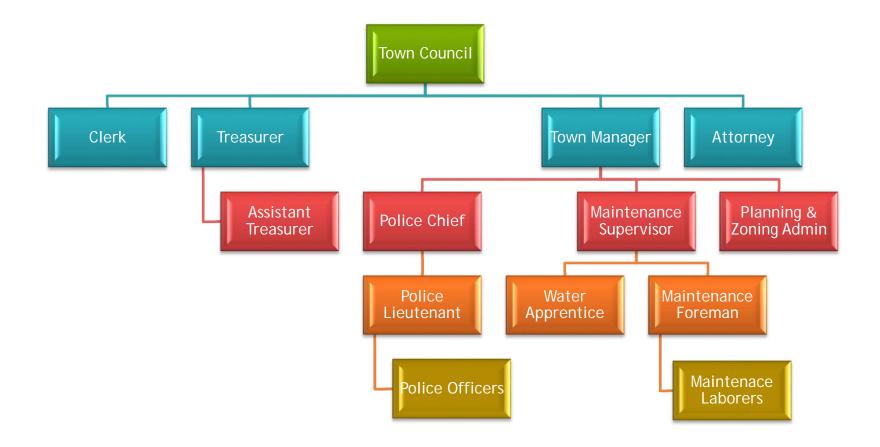

Attached is the Town's Organizational Chart and its Pay and Compensation Plan.

It is important for any organization, either public or private, to have a pay and compensation plan. Such a plan establishes internal equity among the various jobs within the organization. In considering the knowledge, skill, and experience that each position requires, the pay and compensation plan establishes fairness among the ranking of the various job positions. The pay and compensation plan also ensures that the salaries reflect the relative value of each job to the organization. In addition to ensuring internal fairness, an organization's pay and compensation plan should be externally competitive with those in the market place. This pay and compensation plan is based on a 2020 salary and pay plan performed for the Town of Windsor by Bakertilly.

It is essential that all organizations have a pay and compensation plan.

The following charts are the Town's pay and compensation plan and organizational chart for Fiscal Year 2025.

Water Fund

This is the FY25 operating budget for the Water Fund.

The Town of Windsor operates its water system as an enterprise fund in which the water fund revenues are used to fund the operation, maintenance, and debt service of the system. For FY25, the General Fund will not subsidize this fund's operations either directly or indirectly. However, American Rescue Plan Act funds will be used for the funding of some capital projects, others will be funded by fund balance.

The Town Manager's budget message at the beginning of this document contains important, detailed information about the FY25 Water Fund operating budget, and this narrative will not duplicate that information.

This budget increases the current water rate of \$8.25 per 1,000 gallons by \$0.25, to \$8.50 per 1,000 gallons for FY25.

Windsor Town Center Fund

This is the FY25 operating budget for the Windsor Town Center Fund.

The Windsor Town Center is a joint venture between Isle of Wight County and the Town of Windsor. The Town of Windsor leases the building from the Isle of Wight County School Board. Isle of Wight County assists with capital projects for the facility.

Isle of Wight County Parks and Recreation operate a variety of recreational programs and camps out of the facility. The facility is also available to the public for rentals through the Town.

The Center is governed by the Windsor Town Center Advisory Board and is funded by the Town of Windsor, Isle of Wight County, user fees, and donations.

Five-year Capital Improvements Plan

The following is the proposed Capital Improvements Plan (CIP) for the five-year period covered by fiscal years 2025 through 2029.

A capital expenditure is an outlay of significant value that results in the acquisition of or addition to, a capital or fixed asset. The CIP is not a "wish list," but it is a near-term, multi-year plan for undertaking and financing capital expenditures and projects. In developing the CIP, the municipal government must consider its ability to fund the plan.

ORDINANCE

An Ordinance Establishing The Water Rate Schedule For The Water System Owned And Operated By The Town Of Windsor, Virginia

WHEREAS, Section 145-2. Schedule of water rates, of Code of the Town of Windsor, Virginia provides that the Council of the Town of Windsor shall, from time to time, set a schedule of water rates; and

WHEREAS, it is necessary for the Town Council to establish a new schedule of water rates to be in effect on and after July 1, 2024.

NOW, THEREFORE BE IT ORDAINED by the Council of the Town of Windsor as follows:

Section 1. Water Rates, Late Charges, Cut-off/Turn-on Fees, and Deposits

The following water rates are hereby established for the sale of water by the Town of Windsor, Virginia on and after July 1, 2024 ("*Town*" as used herein refers to the Town of Windsor, Virginia):

- A. All new water customers shall complete an *Application for Water Service* at the Town Hall, listing the customer's name, street address of the unit to be served by water, the person responsible for the payment of the water bill, the billing address if different from the street address, and the effective date that the customer desires the Town to turn on the water service. The Town shall charge a turn-on fee of \$30.00, and this fee shall be non-refundable. The new water customer applicant shall provide the Town with a \$75.00 deposit. The Town shall refund to the water customer this deposit, without interest and less any amounts due to the Town, when water service is terminated. The new water customer shall pay to the Town all required fees and deposit prior to the Town turning on water service.
- B. The water rate applicable to all categories of water customers of the Town of Windsor who are within the boundaries of the town limits shall be \$8.50 per 1,000 gallons of water purchased by the customer; provided however, that no bi-monthly water bill shall be less than a minimum of \$29.75.
- C. The water rate applicable to all categories of water customers of the Town of Windsor who are outside of the boundaries of the town limits shall be \$9.00 per 1,000 gallons of water purchased by the customer; provided however, that no bi-monthly water bill shall be less than a minimum of \$31.50.
- D. The Town shall bill all of its water customers on a bi-monthly basis, and the bills are payable to the Town on the date presented, and the water customer must pay said bill

within thirty days of the billing date. If the bill is unpaid after its due date, then the Town shall apply a late charge of 10% of the amount of the bill or \$20.00 late charge, whichever is greater.

- E. After giving the water customer prior written notice, the Town shall cut-off water service to those water customers who are delinquent more than thirty-one days in paying their water bills. The Town shall charge the water customer a fee of \$30.00 for turning the water service either off or on. This fee shall increase to \$75.00 if the water is to be turned on after 4:00 p.m. on weekdays, and anytime the Town Office is closed. The water customer shall satisfy all outstanding water charges and fees prior to the Town turning the water service back on.
- F. If a renter vacates a commercial or residential dwelling unit and there is a water leak that causes water to flow through the Town's water meter to the unit, then the Town shall not turn on water service for the new tenant until the leak is repaired and all outstanding water charges and fees are paid.
- G. Customers who desire to purchase bulk water from the Town shall establish a bulk water account with the Town prior to purchasing the bulk water. The Town shall sell bulk water at its well house at 12 Duke Street at a rate of \$8.50 per 1,000 gallons of water with a minimum charge of \$25.00.

Section 2. Facility Fee

For those persons desiring a new water service connection to the Town's water system, the Town shall charge a Facility Fee to offset the Town's investment in the infrastructure necessary to provide water service for the new water line connection. The Facility Fee shall be as follows:

| Water Meter Size | In-Town | Out-of-Town |
|------------------|-------------|--------------------|
| | Connection | Connection |
| 5/8 Inch Meter | \$5,000.00 | \$5,500.00 |
| 3/4 Inch Meter | \$6,000.00 | \$6,500.00 |
| 1 Inch Meter | \$8,500.00 | \$9,000.00 |
| 1 1/2 Inch Meter | \$12,500.00 | \$13,000.00 |
| 2 Inch Meter | \$20,000.00 | \$20,500.00 |

*When the size of the connection exceeds the sizes set forth above, the applicant shall be required to pay an installation/connection fee as determined by the town.

Section 3. Connection Fee

The Town shall charge each person desiring a new connection to a Town water line a connection fee of \$1,000.00. If a developer or contractor makes a residential connection, then the Town shall not charge the developer this fee. Non-residential new connections

shall be made by an approved contractor and shall provide a meter to meet Town standards.

Section 4. Severance Clause

In the event that a court of competent jurisdiction declares any portion of this Ordinance invalid, then all remaining provisions shall remain in full force and effect.

Section 5. Effective Date

This ordinance shall be in effect on and after its adoption.
